

**Your go-to for aluminum building wire
and copper medium voltage cables**

About Us

Classic Wire & Cable (CWC) is a trusted supplier of high-quality wire and cable products serving the industrial, data center, commercial, residential, utility, and renewable energy markets—sold exclusively through electrical distributors.

Known for responsive service and dependable delivery, CWC also offers value-added solutions including pulling eyes, paralleling, custom cuts, and same-day nationwide shipping from strategically located distribution centers that ensure our products arrive where customers need them, when they need them, prepared exactly how they need them.

Our commitment to quality and UL Listed products has earned us a strong reputation across the industry. As we continue to grow our product offering to meet evolving market demands, our focus remains on delivering reliable solutions and exceptional customer support. Distributors and contractors nationwide know they can always Count on Classic.

Count on Classic - Your go-to for aluminum building wire and copper medium voltage cables!

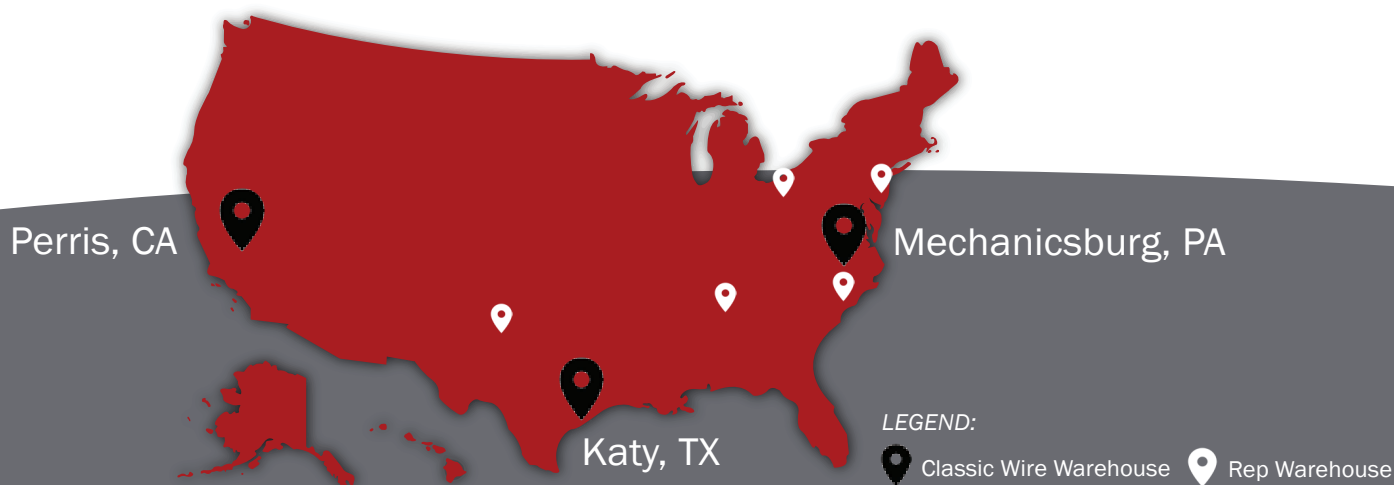

Our Inventory

At Classic Wire, we carry one of the nation's largest inventories of wire and cable products across our three strategically placed distribution centers in Pennsylvania, California and Texas, as well as several rep warehouses in Colorado, New Jersey, North Carolina, Ohio, and Tennessee.

We are committed to delivering in days, not weeks.

Our wide range of UL Listed wire and cable products includes aluminum building wire, Type MC armored cables, utility aluminum cables, and PowerGuard® copper MV power cables. The products you need are just a phone call away to one of our sales representative offices located throughout the country.
